

Outdoor Lighting Agreement

An agreement is made on _____, _____, between

Mille Lacs Energy Cooperative and _____

Address _____

Account (Location) No. _____

Overhead Service Only

50 W LED light – Cost \$10.20 per month

The Cooperative agrees to install your choice above. The light will be installed on the premises of the above named patron at a location mutually agreed upon. The light shall be placed on the Cooperative's poles only. To be "Dark Sky Compliant", all LED lights are installed without a refractor shield. The Cooperative shall furnish, install, and maintain the light during a normal work day. The light shall remain the property of the Cooperative.

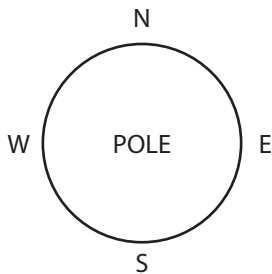

On a fee basis, in accordance with Policy #507: Additional poles and wires will be installed if needed.

Added Fees: _____

Terms

This agreement shall remain effective for a minimum of one year following the date of installation. After one year of service, termination shall be by written notice by either party at least 30 days prior to disconnection.

IN WITNESS THEREOF, the parties hereto have executed this Agreement as of the day and year indicated above.

MILLE LACS ENERGY COOPERATIVE

MEMBER

Notice to member:

Please indicate on the above diagram (with an arrow) which position on the pole you prefer to have the light installed.
